

WHAT CAN DC OFFER?

Building Division

All aspects of construction projects undertaken from small insurance works to large re-furb/new build projects and all types of domestic projects.

Turn Key Projects, from initial planning permission to hand over of final keys to client.

WE CAN OFFER THE FULL PACKAGE.

Project Manager, dedicated to each individual site. To help projects come in on budget, on time and hassle free.

Project Management to customers with full bill of quantities of every individual project.

We undertake all services at an un-apparalled level of expertise, unbeatable by any other builder

All members of staff are experts in their own field, reliable and professional from start to finish.

THINGS TO REMEMBER

You will need full Planning Permission depending on the type of project. We can help with this.

You may require full Structural Engineering Calculations. Again we can provide or assist.

Building Regulations will be required. We work closely with & would advise to use Total Building Control Ltd.

We can offer design services and Project Management services to help deliver the perfect project.

Health & Safety must be taken into account. We again can deal with any aspects.

Asbestos—Growing concern within Construction we can take all worries away and deal with ourselves.

Be careful who you chose. We are fully insured and can warranty all our works!

Remember your building is in Safe hands together with your finances. We only ever accept money once all our clients are happy and satisfied with works completed.

Remember don't delay, "Call us today" for your free no obligation quotation. You will not be disappointed!!!

DC BUILDING SOLUTIONS

Your Building In Safe Hands

Welcome to DC Building Solutions -

DC Building Solutions boasts over 20 years of experience in all facets of Consultancy & Building Works. We are Specialists in all things Construction.

DC can provide a competitive, responsive and professional design and pricing service to meet the expectations of any client or project, however big or small. We Guarantee a Fast, Clean and Professional Service.

DC Building can offer peace of mind, when it comes to thinking about your construction project.

We understand that picking the right person for the right job could be one of the biggest financial decisions you'll make.

We also hold professional accreditation with Constructionline, Safe Contractor CHAS & SMAS. We also hold partnership membership with LABC. Being members of these organizations will give everyone involved with DC more assurance of the quality and professionalism involved when dealing with us.

You only have to ask our clients, or look at our website to see what we can achieve. You won't be disappointed!

Decorating

As well as a full set of a professional multi-skilled work force. We also have a separate Decorating Division which can deliver decorating services to all sectors. This division is lead by our Senior Decorating manager.

Testimonial

"DC Delivered our two storey extension to us on time within a very tight budget., from planning/initial quote through to completion. All members of Staff were reliable and very professional. Thanks Guys"

Mr. B Garwey - Keynsham, Bristol
